Our **Computer Repairs** service covers **Broughty Ferry** and the surrounding areas and includes our professional diagnostic service which features a complete diagnosis of the problem and any solutions to resolve your issues. We can get your PC back up and running fast and efficiently so you can get on with your life and make the most of your computer.

Common issues :

- Does your computer have trouble starting up?
- Is your computer slow, or is it getting slower?
- Do you have blue screen crashes?

- Home Visit
- Workshop Repair
- Remote Support

Our diagnostic services include the following :

We can get your PC back up and running fast and efficiently so you can get on with your life and make the most of your computer and laptop system. Our diagnostic service contains a complete diagnosis of any issues and faults.

We give your system a comprehensive checkover. We find the cause of crashes, lockups, unusual slowness, blue screens, error messages, missing files or internet problems.

Once you have a full report on any issues, one of our technicians will advise on the best way forward to resolving any issues found and make sure you computer system will be running fast, securely & efficiently.
